Re: Fuel and Purchased Power Adjustment – September 2025

Dear Ms. Mohr:

Montana-Dakota Utilities Co. (Montana-Dakota, Company) herewith respectfully files its fuel and purchased power (F&PP) adjustment to the South Dakota Public Utilities Commission in accordance with its Rate 58 tariff.

Exhibit A, page 1 summarizes the fuel and purchased power adjustment calculated pursuant to the terms of Rate 58 that will apply during the month of September 2025. Pages 2 through 4 show the calculation of the adjustment which is based on a four-month historical average cost of fuel and purchased power.

The net effect of this F&PP adjustment compared to the effective rates is shown below. The per unit increase was largely the result of a per unit increase in MISO market prices.

F&PP Effective September 1, 2025	\$0.01131
F&PP Effective August 1, 2025	<u>0.00579</u>
Change	\$0.00552

The current and historical Fuel and Purchased Power Adjustment can be found by selecting the Fuel and Purchased Power Adjustment link at <https://www.montana-dakota.com/rates-services/rates-tariffs>.

All of Montana-Dakota's retail electric customers in South Dakota may be affected by this proposal. There were 8,466 customers in South Dakota as of July 31, 2025.
