Dear {var id=CUSTNAME},

As a result of your conversation with NorthWestern Energy on {var id=SYSTEMDATE}, you have agreed to be the guarantor of utility services for:

Account Name: {var id=COMMENT2}
Account Address: {var id=COMMENT3}
Account Number: {var id=COMMENT1}
Guaranteed Amount: \${var id=AMOUNT1}

As a guarantor, you will be responsible for any unpaid utility bills effective {var id=DATE1} on the account. This agreement is in effect for one year from the date of this letter or until you provide NorthWestern Energy with 60 days written notice that you would like to be removed as a guarantor on this account.

During the next 12 months, if the account is closed or disconnected for non-payment and a balance remains unpaid by the customer, this balance will be transferred to your account, and an outside collection agency may be utilized to collect the balance.

It is your responsibility to inform NorthWestern Energy of changes of address, etc. to ensure we are able to contact you regarding the status of the account you have guaranteed.

If you have any questions, please call NorthWestern Energy at 800-245-6977. Customer service representatives are available Monday-Friday, 7 a.m. - 6 p.m.

UTILITY SERVICE CONSTRUCTION AGREEMENT

This Utility Service Construction Agreement (the “*Agreement*”) is made and entered into effective as of _____, 20__ by and between NorthWestern Energy (the “*Company*”) and _____ (the “*Customer*”). Capitalized terms have the meaning set forth in NorthWestern Energy’s Electric Rate Schedule and the NorthWestern Energy Gas Rate Schedule (collectively the “*Tariffs*” and individually the “*Gas Tariff*” or “*Electric Tariff*”), which sets forth service, installation and contribution rules and regulations established by the South Dakota Public Utilities Commission (the “*Commission*”). The Tariffs are available at <http://www.northwesternenergy.com/account-services/whats-included-in-your-total-bill/tariffs-and-rates/south-dakota-tariffs-and-rates>.

RECITALS

WHEREAS, Customer has applied for natural gas or electrical service from the Company; and

WHEREAS, in accordance with the Tariffs, the Company and Customer are entering into this Agreement to clarify the rights and responsibilities of the parties related to the installation of the facilities required to provide service to Customer’s premises;

NOW, THEREFORE, the parties agree as follows:

AGREEMENT

1. SERVICE AND CONTRIBUTION REQUIREMENTS. Company agrees to install, operate and maintain facilities generally described as _____ and specifically described in Quote _____, which is incorporated herein by this reference (the “*Quote*”), to serve Customer at _____ in accordance with the requirements of the Tariffs. Customer agrees to comply with the terms and conditions of this Agreement and remit to Company the total contribution of \$_____, which may include a federal tax surcharge and administrative/engineering fees and is more fully described as follows:

1.1 Service. Customer has requested the following service pursuant to the Tariffs:

ELECTRICAL

NATURAL GAS

___ Residential (Rate 10)	___ Residential Gas Service (Rate 81)
___ Residential with Space Heating (Rate 11)	___ General Gas Service (Rate 82)
___ Residential Space Heating and Cooling (Rate 14)	___ Commercial and Industrial Firm (Rate 84)
___ Residential Dual-Fuel and Controlled (Rate 15)	___ Commercial & Industrial Interruptible (Rate 85)
___ Interruptible Irrigation (Rate 16)	___ Commercial and Industrial Contract (Rate 86)
___ Irrigation (Rate 17)	___ Gas Transportation Customer (Rate 87)
___ General Service (Rate 21)	
___ Commercial Water Heating (Rate 23)	
___ Commercial Space Heating and Cooling (Rate 24)	
___ All-Inclusive Commercial (Rate 25)	
___ Commercial and Industrial (Rate 33)	
___ Large Commercial and Industrial (Rate 34)	
___ Point to Point Distribution Only (Rate 38)	
___ Controlled Off Peak (Rate 70)	
___ Reddy Guard (Rate 19)	
___ Street and Area Lighting System (Rate 56)	

- 1.2 Electrical. Company may elect to install overhead or underground facilities to extend service to Customer; provided, however, that the Customer may request underground service pursuant to the Electric Tariff. The parties agree to the following electrical service installation in accordance with the Electrical Tariff:

Underground extension of 0-500 feet. For underground electric services, Company will install facilities to extend a service line without charge to the extent of 500 feet of cable along the shortest feasible route from the distribution line to the point of service attachment.

C
C

Overhead extension of 0-500 feet. For services with overhead extension lengths of 0-500 feet, Company will install facilities to extend a service line without charge along the shortest feasible route from the distribution line to the point of service attachment.

D

Underground and overhead extensions over 500 feet. For services with primary and/or secondary extension lengths over 500 feet, a contribution in aid of construction ("CIAC") may be required, based on the economics of the service.

Whenever an economic feasibility study is required by this Section 1.2, the Company will take into consideration the total cost of serving the Customer and the expected revenue. If the Company determines the extension of service to the Customer is not economically feasible, the Company may require a CIAC in accordance with Section 1.4 below.

- 1.3 Natural Gas. The parties agree to the following natural gas service installation in accordance with the Gas Tariff:

Residential – Primary Heating Source. The Company will extend service for the first 150 feet of service pipe without charge to residential customers using natural gas as their primary heating source and for water heating. If the distance is beyond 150 feet, a CIAC may be required upon completion of an economic feasibility study. The distance is _____.

Residential – Other Use. For residential customers using natural gas for space heating only, fireplace only, water heating only, natural gas grill only, or any combination other than primary space heating and water heating, as described above, a CIAC may be required upon completion of an economic feasibility study. The distance is _____.

Mobile Home. The Company will extend service for the first 50 feet of service pipe without charge to Mobile Home customers using natural gas as their primary heating source and for water heating. If the distance is beyond 50 feet, a CIAC may be required upon completion of an economic feasibility study. The distance is _____.

Commercial and Industrial Customers. An economic feasibility study is required. A CIAC may be required upon completion of the study. The distance is _____.

Whenever an economic feasibility study is required by this Section 1.3, the Company will take into consideration the total cost of serving the Customer and the expected revenue. If the Company determines the extension of service to the Customer is not economically feasible, the Company may require a CIAC in accordance with Section 1.4 below.

- 1.4 Contribution in Aid of Construction – Electrical and Natural Gas. In consideration of the Company's agreement to install service, Customer agrees to pay a CIAC in the sum of \$_____ for construction of the facilities identified in the Quote. If the value entered is zero, no CIAC was required by the Company.

In all instances where a CIAC is required, Company will subsequently review the three-year average use. If actual volumes vary from projected volumes by 20% or more, Company will charge or credit Customer for the variance, without interest, in projected CIAC.

2. CONDITIONS TO INSTALLATION.

- 2.1 Payment. Company may require payment of a Customer contribution or the CIAC prior to scheduling a construction start date. Company must receive contribution or the CIAC (if prior payment is required) and satisfactory evidence of required permits and right-of-way authority prior to ordering materials, scheduling crews or starting construction.
- 2.2 Right-of-Way and Access. Company has the right of access to the Customer's premise, including right-of-way, at all reasonable times for the purpose of installing, reading, inspecting, or repairing any service lines, meters, devices and other equipment and facilities used in connection with furnishing of any or all service, including any necessary repairs and maintenance, or for the purpose of removing its property and for all other proper purposes.
- 2.3 Permits. Customer shall provide all required permits from appropriate governmental agencies for the construction work and installation of the Company's facilities and Customer's equipment on Customer's premises and the property of third parties. The Company shall obtain required permits for work in the right-of-way. Copies of all permits must be provided to the Company.
- 2.4 Additional Costs. If Customer requests facilities be installed in frozen, rocky or hard ground, the Customer may be responsible for additional charges for installation. Company will notify the Customer of these charges prior to installation when feasible, and otherwise when encountered during the installation work. If Company requires additional charges prior to installation, and the basis for such extra cost is not encountered during the performance of the work, Company shall refund such charges to Customer.
- 2.5 Storm Water. Customer is solely responsible for compliance with all South Dakota Department of Environment and Natural Resources storm water regulations. All soil disturbing activities deemed necessary by the Company for the installation, operation and maintenance of the facilities must be incorporated by Customer in the Storm Water Pollution Prevention Plan. Customer shall operate and maintain all storm water best management practices at all times.
- 2.6 Underground Facilities. Prior to construction, all customer-owned, rented or leased underground facilities (including but not limited to sprinkler systems, septic systems propane tanks and associated lines, and communication and electric lines) must be properly identified and physically marked by Customer. Company is not responsible for damages resulting from mismarked or unidentified customer facilities. Contact the Company's Construction Department with questions related to appropriately marking Customer-owned facilities.
- 2.7 Customer's Equipment. Customer shall install Customer's facilities in accordance with the Company's "New Service Guide" and "Electric Service Requirements & Guidelines." The location of Customer's meter must be approved by Company prior to the installation of equipment owned by the Customer. Customer shall provide service entrance and termination points as specified by the Company's installation standards in effect at the time construction begins.
- 2.8 Trenching, Backfilling and Meter Set. For underground electric services, Customer shall arrange and pay for required trenching and backfilling, consistent with Company specifications required for installation of the service line. Customer shall provide conduit at the meter base and if required by Company, conduit in the trench. Company will not install a service line in an open trench or in Customer-supplied conduit unless the meter base for service is ready for connection, energization and installation of the meter.

2.9 Restoration and Grading. Company will make a reasonable attempt to preserve private roadways and landscaping, but Customer is responsible for final compaction and restoration of private roadways and landscaping, including the removal of excess spoil piles. The Company will not install facilities until the surface has been graded to within six inches of a permanent established elevation. Should changes to grade be made in the future that result in Company's facilities being raised or lowered, Customer is responsible for the costs associated with this change.

3. GENERAL CONDITIONS.

3.1 All terms, prices and conditions set forth herein are subject to modification resulting from changes in applicable rules, Tariffs, regulations, ordinances, scope of project, and laws that may be amended or enacted after the date of this Agreement.

3.2 If construction has not commenced within a reasonable period due to any action, omission or failure to act by Customer, the project will be reviewed for any changes in the cost.

3.3 If the facilities required to serve Customer must be relocated or modified at the request of Customer after installation, Customer shall pay the costs of moving Company facilities.

3.4 Company agrees to establish service within a reasonable period of time after Customer's equipment passes inspection by the state and local authorities as required by law. Company will proceed with the survey, design and construction of its facilities in a normal manner using its existing work force (Company employees or contractors) and material supply sources. Installation will be performed during normal working hours and Company may reschedule the work to achieve efficient workload of Company forces. Availability of materials, weather conditions, frozen ground, access, or obtaining permits from governmental agencies or railroads may cause delays beyond the control of Company or Customer.

3.5 If Company is installing lights, the facilities will be placed in a location agreeable to both Customer and Company. Customer is responsible for notifying Company of any outage of Company-owned lights. Company will make repairs and replace defective or damaged facilities within a reasonable time after notice of any outage, but Company does not patrol the system to determine if the lights are in operating condition at all times.

3.6 In the event of a conflict between the terms of this Agreement and the Tariffs, the terms of the Tariffs prevail.

4. ADDITIONAL CONDITIONS.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed in duplicate as of the day and year first above written.

CONTINUOUS SERVICE AGREEMENT

This Continuous Service Agreement ("Agreement") is entered into by and between NorthWestern d/b/a NorthWestern Energy ("NorthWestern") and _____ ("Responsible Party") and is effective as of the date processed by NorthWestern.

1. Service Options. NorthWestern offers two continuous service agreement options:
Move Out / Non Payment: Services are automatically transferred to the Responsible Party upon tenant's request to discontinue service or nonpayment of service. This applies even if the tenant remains in the property.
Move Out Only: Services are automatically transferred to the Responsible Party only upon tenant's request to discontinue service.
2. NorthWestern's Obligations. As of the effective date services are discontinued in accordance with the option selected above, NorthWestern will: (i) transfer responsibility for utility charges into the name of the Responsible Party; and (ii) attempt to notify the Responsible Party of this change. If the Responsible Party requests NorthWestern to discontinue service, and another party does not assume responsibility, NorthWestern will disconnect utility service. NorthWestern is not obligated to transfer service if the Responsible Party is past due on any financial obligation to NorthWestern for services on any account
3. Responsible Party Obligations. Responsible Party shall notify NorthWestern of any changes to the Property List, ID Information for the Responsible Party and Authorized Parties, and contact information.
4. Authorization. Responsible Party may authorize users to obtain information and conduct business on behalf of the Responsible Party. To add a user, Responsible Party must register for the Property Management Portal (Continuous Service Agreement Corner) at www.northwesternenergy.com. Responsible Party will then be able to add or remove authorized parties through the online portal.

There are two levels of authorization that can be granted to users: Information Only and/or Full Authorization. An Information-Only user may receive, but not modify, account information. Full Authorization allows a user to modify account information(including payment arrangements), change a mailing address, discontinue billing, terminate service, establish new accounts, or remove properties from this Agreement

5. Disconnection. NorthWestern may discontinue any utility service covered under this Agreement in accordance with the tariffs, rules and regulations of the applicable state utility commission.
6. Suspension and Termination. This Agreement may be suspended or terminated as follows:

6.1 Suspension: This Agreement may be suspended by NorthWestern if past due monies are owed by the Responsible Party for property listed, or previously listed, on this Agreement. If the current tenant requests discontinuance of service and this Agreement is suspended, NorthWestern will make a reasonable attempt to notify the Responsible Party that utility services will be disconnected as a result of the suspension of this Agreement. Prior to removing the suspension, all past due balances must be paid.

6.2 Termination: This Agreement may be terminated for cause by NorthWestern upon a breach of this Agreement or the failure of Responsible Party to pay balances for property listed, or previously listed, on this Agreement. NorthWestern may terminate this Agreement if past due balances are more than 90 days. If terminated pursuant to this paragraph, NorthWestern will make a reasonable attempt to notify the Responsible Party. If this Agreement has been terminated, the Responsible Party must cure the breach or pay past due balances on all NorthWestern accounts before reactivating this Agreement. NorthWestern may also terminate this Agreement: (i) at any time upon 30 days prior written notice; and (ii) without further notice if written notifications to the Responsible Party are returned undelivered and NorthWestern is unable, after reasonable effort, to identify current contact information for the Responsible Party. Termination does not relieve Responsible Party of the obligation to pay for utility services incurred.

Responsible Party may terminate this Agreement at any time by providing written or verbal notice to NorthWestern.

7. Conflicts. In the event of a conflict between the terms of this Agreement and NorthWestern's gas or electric tariffs, rules and regulations established by the applicable state utility commission, the terms of the tariffs, regulations or rules prevail. All terms of this Agreement are subject to modification upon notice by NorthWestern if required as a result of changes in applicable tariffs, rules and regulations and laws amended or enacted after the date of this Agreement.
 8. Information. This Agreement does not authorize the Responsible Party or Authorized Parties to any information of a NorthWestern customer at a property subject to this Agreement, other than the average annual utility usage.
 9. Connect Fees. Responsible Party is not required to pay connect fees when responsibility for services are transferred to Responsible Party. If the Responsible Party requests services be disconnected, connect fees (if applicable) will be charged when services are resumed in the Responsible Party's name.
 10. Limitation of Liability. NorthWestern's liability under this Agreement is limited to direct actual damages of the Responsible Party in amounts not to exceed \$500. Neither party is liable to the other party for special, incidental, punitive or consequential damages of any kind.
 11. Miscellaneous. Responsible Party shall not assign this Agreement without the prior written consent of NorthWestern. A waiver by either party of any right or conditions of this Agreement will not limit the right of a party to enforce such right or conditions at a later date. If any portion of this Agreement is held to be void or unenforceable, the balance will continue to be effective. Except as permitted by Sections 3 and 4 to allow for the periodic updating of the Property List and Authorized Parties, this Agreement will not be modified, amended or changed in any respect except by a written document signed by the parties. This Agreement constitutes the entire agreement of the parties. Covenants or representations not contained or incorporated therein are not binding upon the parties. Handwritten revisions to this Agreement are of no effect and are not binding against the parties.

The parties understand and acknowledge that this Agreement will be effective on the date that NorthWestern processes a completed Agreement.

NORTHWESTERN ENERGY - SOUTH DAKOTA
REQUEST FOR TELEMETERING SERVICE

In order to provide gas transportation service under the terms of the Gas Transportation Tariff a customer must have telemetry equipment installed. According to the terms of the tariff, the customer will be billed for all costs relating to the installation of the required telemetry equipment. This charge will be considered a non-refundable contribution in aid of construction. NorthWestern Energy (NWE) will retain ownership of the equipment and be responsible for maintenance. The charges include an income tax gross-up of the contribution amount.

The standard labor and equipment charged to the customer include the following:

- 1) Cost of the telemetering hardware
- 2) Hardware necessary to retrofit existing meter (electrocorrector installation)
- 3) Labor required to modify meter
- 4) Labor required to install telemetering equipment

The telemetering installation costs will be billed as an additional item on the monthly transportation billing. If you would like NWE to bill your gas supplier for these charges, please enter the supplier's information below. You, as the customer of NWE, will have responsibility for these charges should payment not be received by NWE from the supplier designated.
