IN THE MATTER OF THE PETITION OF
TRANSCANADA KEYSTONE PIPELINE, LP
FOR ORDER ACCEPTING CERTIFICATION
OF PERMIT ISSUED IN DOCKET
HP09-001 TO CONSTRUCT THE
KEYSTONE XL PIPELINE

APPLICATION FOR PARTY

STATUS

HP14-001

Pursuant to SDCL 49-41B-17,

Carolyn P. Smith

(Name of Applicant)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.

As a citizen of the United States, knowing full well, that the TransCanada Keystone XL Tar Sands Pipeline will eventually leak and cause our precious water source, the Ogallala Aquifer, to be contaminated, I strongly object to its construction. We have the responsibility to protect our water resources for the future generations.

Further more, the extraction of Tar Sands in Canada has already caused irreparable damage to the Earth, and if permitted to continue, will further contribute to the destruction of mankind.

On behalf of my children, grandchildren and theirs, do not allow this permit to be issued. Thank you.

Subscribed and sworn to before me this 9th day of October, 2014.
