SIOUX FALLS SD 25 AUG 2015 PM

P. U. C. Officers

We were very happy by the recent decision made by Judge Brad Zell.

It was the people of our State who voted and put you into the office you now hold.

Eastern South Dakota is some of the most productive land in our state. The land value will go down and will never be as productive as it is now. Some of the land has been in the families for over 100 years.

Please stop the Dakota Access Pipeline from crossing our state

Thank You

Norman "Esther Kuper
