RE: FILING PURSUANT TO SDPUC COGENERATION AND SMALL POWER
PRODUCTION ORDER, DOCKET NO. F-3365

Dear Ms. Van Gerpen:

Pursuant to the above referenced docket, Northern States Power, a Minnesota corporation (“Xcel Energy” or “the Company”) hereby submits for Commission approval the revised rate sheets for the Occasional Delivery Energy Service and Time of Delivery Energy Service. The enclosed tariff pages are essentially consistent with those the Commission approved in its June 24, 2009 Order (Docket No. EL09-003). Attachment 1 contains the supporting work papers to illustrate the derivation of these proposed rates.

The proposed Occasional Delivery Energy Service rate sheet is revised to reflect the 3.22 cents per kWh decrease in energy payment and no change in monthly metering charge. The energy payment is based on the Company’s 2011 avoided energy cost estimate. The proposed Time of Delivery Energy Service rate sheet is also revised to reflect energy and capacity payments based on the Company’s 2011 avoided costs projection with no change in monthly metering charge. The Company requests the Commission approve the proposed rate sheets.

In accordance with ARSD §§ 20:10:01:39 through 42, Xcel Energy respectfully requests confidential treatment of certain information contained in this filing. In compliance with ARSD § 20:10:01:41, we have clearly marked each page containing

confidential information as “CONFIDENTIAL” and submitted it in a separate sealed envelope along with this filing.

Pursuant to ARSD § 20:10:01:41, we provide the following information in support of our request:

- (1) We request confidential treatment of Attachment 1 to this document in its entirety. Attachment 1 includes the confidential terms resulting from a Confidential Settlement in Docket EL09-009.
- (2) We request this document be treated as confidential forever.
- (3) If you have questions regarding this request please contact:

- (4) We request confidential treatment on the grounds that the material is proprietary and trade secret information, the disclosure of which would result in material damage to the company’s financial or competitive position. The claim for confidential treatment is based on ARSD § 20:10:01:39 (4) and SDCL § 1-27-30. The information contained within the referenced documents meets the definition of “trade secret” under SDCL § 37-29-1(4)(1), the South Dakota Uniform Trade Secrets Act, which is defined as information that “Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use, and... is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.” The information also meets the definition of “proprietary information” under SDCL § 1-27-28, which is defined as “information on pricing, costs, revenue, taxes, market share, customers, and personnel held by private entities and used for that private entity’s business purposes.”
- (5) The noted document qualifies for confidential treatment because it contains proprietary business information which the Company does not disclose to the public. The confidential attachment includes the confidential terms resulting from a Confidential Settlement in Docket EL09-009. The disclosure of such information could have a negative impact on the ability to enter into such settlements. The Company treats this information as both highly confidential proprietary and trade secret information, not released to the public.

Please contact me at 612-330-6128 or phil.zins@xcelenergy.com if you have any questions about this filing.

Sincerely,
