PUBLIC NOTICE

Public meeting scheduled for CapX2020 Big Stone South-Brookings County 345 kV transmission line project

Xcel Energy and Otter Tail Power Company filed a Facility Permit application with the South Dakota Public Utilities Commission on June 3, 2013 for the proposed CapX2020 Big Stone South-Brookings County 345 kV transmission line project.

Pursuant to law, the South Dakota Public Utilities Commission will hold a public meeting to take comments from the public. The meeting will be held:

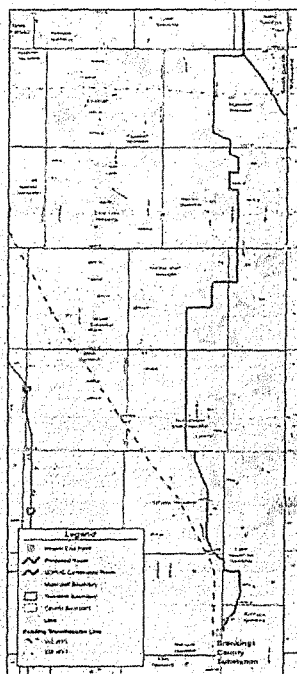

Wednesday, July 31, 2013 at 6:30 P.M.
at the McCrory Gardens Education
& Visitors Center (room 110 A-B),
631 22nd Ave., Brookings, S.D., 57008

At the public meeting, CapX2020 will present a brief description of the project. Following the CapX2020 presentation, interested persons may appear and present their questions, views and comments concerning the project and the Facility Permit application. You can learn more about the proposal by accessing a copy of the Application online at the South Dakota Public Utilities Commission website:

<http://puc.sd.gov/Dockets/Electric/2013/el13-020.aspx>

Under state law, (SDCL 49-41B) CapX2020 must have a permit from the PUC prior to beginning construction. Accordingly, in the months following this meeting, the Public Utilities Commission will hold further formal proceedings concerning the application. This is one of the initial steps in that process.

Additionally, CapX2020 has filed copies of the Application with the Deuel County and Brookings County Auditors, and the Application can be viewed there. The application is also available at www.CapX2020.com.

CapX2020
