South Dakota Data Request

1-5 Refer to page 5 of the “2015 TCR Reconciliation and New Factor Calculation” worksheets. Are the 12-CP allocators 2015 allocators or 2016 allocators?

Response:

The 12-CP allocators in the reconciliation report are based on 2014 historical class load data. There is a lag due to the fact that MidAmerican’s class load data isn’t available until sometime in late March or early April of the following year.
