Dear SD PUC,

My name is Steve Wicks. I am a landowner, farmer and lifelong resident in the wind farm project area.

I think the wind farm is good for everyone - the country, the county, the schools, the townships and the farmers.

I am very concerned about the negative people trying to take away our land owner rights!

I can not speak in front of large groups of people or do computers or e-mails, so this letter is my support.

In conclusion, I support Geronimo and the Crocker Wind Farm and I ask for your approval of the Crocker Wind Farm Permit.

Thank you.

Sincerely

Steve Wicks
