SDPUC Request No. 1.2:

Referring to Exhibit 5, please provide the information using a 1-year forecast rather than a 3-year forecast.

Response to SDPUC Request No. 1.2:

A new Exhibit 5 using a 1-year forecast and PY2017 Program Costs is attached. The rates experienced a small change of \$0.0001/kWh for both the Residential and Commercial & Industrial classes. The Company is indifferent whether a 1-year or a 3-year forecast is used for the EESA rate.
