Subject: Accepting release of station power from Northwestern Energy to Central Electric

NOTICE: This message has been sent by an EXTERNAL sender outside of NorthWestern Energy. Please use caution when clicking on links, opening attachments, or replying to this email.

Jamie,

As discussed, this email is to confirm to you that ConEdison Development, owner of the CED Aurora County Wind LLC wind farm, accepts to receive backfeed power from Central Electric Cooperative for the two CED Aurora County Wind turbines that are located within NorthWestern Energy's service territory, so that all of the wind farm's station power can be received from a single provider.

Please let me know if you need any additional information.
Regards,

Aude Schwarzkopf
Senior Asset Manager
