Subject: [EXT] Docket EL 19-003

Dear PUC Commissioners and Staff,

I am writing to voice my strong opposition to the waiver request of_Crowned Ridge Wind.

Crowned Ridge Wind is NOT in compliance with the permit issued by the PUC. They are not even CLOSE to being in compliance.

As a person who lives near to a new project, I demand the commission_enforce every provision in the permit. There was a process and decisions were made and agreed to. We expect compliance. The PUC puts requirements on these permit. But not following them is a breach of the permit, so now knowing all of these issues, their permit should be pulled and any others that don't follow other permit that the PUC places! This is a waste of time and money for the PUC!

Sincerely,

Kelli Pazour
