Subject: [EXT] Docket EL 19-003

Dear PUC Commissioners and staff,

I am writing to voice my strong opposition to the waiver request of Crown Ridge I. Crown Ridge I is not in compliance with the permit issued by the PUC. They are not even close example: putting up 2.7 generators instead of 2.3, concrete not fully cured before installing towers. Who is watching NextEra Energy to make sure they are abiding by the issued permit. I don't live in Crown Ridge I, but I do live in Crown Ridge II. Who is going to make sure NextEra Energy abides by the Crown Ridge II permit under your consideration, if they are not in compliance with Crown Ridge I. There was a process and decisions were made and agreed to. I except compliance. Please deny the waiver.

Sincerely,

Rich Rall
