RE: In the Matter of the Application by North Bend Wind Project, LLC for a Permit to Construct and Operate the North Bend Wind Project in Hyde County and Hughes County, South Dakota – PUC Docket: EL21-018 – MAGT File: 7900

Dear Ms. Mohr:

Pursuant to permit conditions 8e, 42, and 43, I have the pleasure of informing the Commission that the Project has completed all road repair, civil reclamation, and reseeding in Hughes and Hyde counties as of August 19, 2025. I am enclosing the following items as supplements to the filing so they may be placed in the docket for future reference:

Exhibit 1 - Hughes County – Post-Construction Haul Route Inspection Report
Exhibit 2 - Hyde County – Post-Construction Haul Route Inspection Report
Exhibit 3 - Hughes County Bond Release
Exhibit 4 - Hughes County Reclamation and Seeding Release
Exhibit 5 - Hyde County Bond Release
Exhibit 6 - Hyde County Reclamation and Seeding Release

This filing concludes the permit condition 8e and 42 requirements to file road repair documentation and quarterly post-construction reports to the Commission, respectively. This filing also serves as notice to the Commission of the final Project milestone under permit condition 43. Accordingly, the Project is discontinuing its periodic reporting with respect to these requirements.

As always, thank you for your courtesies in this matter.

Very truly yours,

AARON P. SCHEIBE
