I am writing as a concerned land owner in your state. As a resident of Oklahoma we have seen first hand what wind projects consist of. I am attaching photos of wind turbines that have been sitting, decommissioned for years. I have been contacted via letters and phone calls about this project in Hughes/Hyde counties where are land is located. We have absolutely no interest in our land being used for wind energy. Thank you for being attentive to the concerns of land owners.

Sincerely
Cozette Hurn Riffel
