Meter Data and Privacy Policy

The Company will comply with federal and state legislation and regulatory statutes, regulations and decisions, as applicable, concerning the collection, use, retention, and sharing of Meter Data.

The Company owns the Meter Data and will use such information in the provision and development of any of its Gas services.

This tariff pertains to Meter Data and Telemetry that is maintained by the Company in the ordinary course of business, including the transporting by third parties of natural gas to customers behind the Company's distribution system.

Definitions

The Company provides a definition of "Meter Data" and utilizes the privacy guidelines and definitions of the North American Energy Standards Board ("NAESB") in support of this tariff. NAESB is a voluntary non-profit organization comprised of members from all aspects of the natural gas and electric industries.

1. Authorization: The result of a process by which the Customer provides informed written consent in a manner consistent with the applicable Governing Documents and any requirements of the applicable regulatory authority.
2. Governing Documents: Applicable law, regulatory documents (e.g., tariffs, rules and regulations), and Customer consent forms that determine the interactions among parties.
3. Meter Data: Information that is gathered and managed by the Company that enables it to provide services to Customers. This includes data that can be collected from a standard energy service meter, a digital meter with two-way communications capabilities, analysis that is created by the Company from a combination of various data types, and general Customer contact and service information.
4. Third Party: An entity, that is permitted to receive Meter Data in accordance with applicable law, regulation, the Governing Documents and any requirements of the applicable regulatory authority, *other than*: the Company and its contracted agents, the applicable regulatory authority, or other regional entities, which seeks or is provided Meter Data, including any entity under contract with the Third Party to

perform the services or provide the products as described in the Customer's Authorization.

5. Telemetry: Transmitting data to a distant point for indicating, recording, or integrating the values of a variable quantity through the use of an electrical apparatus.

Data Protection and Security

Meter Data is kept confidential absent Customer written Authorization for its release to a Third Party. The Company shall terminate, within a reasonable period of time, a Third Party's right to access future Meter Data for a Customer when: (i) the Customer withdraws its Authorization using the method provided by the Company, (ii) the Customer's Authorization has reached the end of the specified period, (iii) a Customer's service associated with a premise is terminated, or (iv) as required by applicable Governing Documents.

The Company may release Meter Data, without Customer consent, as required by law enforcement agencies with a warrant or subpoena, actions involving civil litigation, social service agencies, or regulatory agency orders, rules, or regulations and exceptions permitted by federal or state statutes or laws.

Data Access and Sharing

The Company will share Meter Data with the Customer of record upon request and to Company affiliates, contractors, or agents subject to the applicable federal and state law. The Company will require any affiliate and the affiliate's employees, agents and contractors having access to the Meter Data subject to this tariff to treat such Meter Data in the same manner as required of the Company under its Customer/Account Master File Privacy Policy. The Company will share Meter Data after it has been validated by the Company. The Company will provide Meter Data to a Customer's Third Party designee upon receiving a Customer's written authorization and upon verification of accuracy by the Company.

Data Retention

The Company stores and maintains Meter Data for a reasonable period in its ordinary course of business. The Company will make and retain, for a reasonable period of time, records related to disclosures of Meter Data to Third Parties.

Data Breach Notification

The Company will use reasonable efforts and commercially practicable methods to notify affected Customers of a breach of this policy. The Company will restore the integrity of the system and Meter Data to the extent, and as soon as, reasonably practicable.
