ORDER GRANTING
CERTIFICATE OF
AUTHORITY

TC97-106

On June 20, 1997, the Public Utilities Commission (Commission), in accordance with SDCL 49-31-3 and ARSD 20:10:24.02, received an application for a certificate of authority from Call Plus, Inc. (Call Plus).

Call Plus is a switchless reseller which intends to offer 1+ direct dialing, 800 toll free and travel card service (not prepaid calling cards) through the resale of telephone services provided by facilities-based interexchange carriers. A proposed tariff was filed by Call Plus. The Commission has classified long distance service as fully competitive.

On June 26, 1997, the Commission electronically transmitted notice of the filing and the intervention deadline of July 11, 1997, to interested individuals and entities. No petitions to intervene or comments were filed and at its regularly scheduled August 18, 1997, meeting, the Commission considered Call Plus' request for a certificate of authority. Commission Staff recommended granting a certificate of authority.

The Commission finds that it has jurisdiction over this matter pursuant to Chapter 49-31, specifically 49-31-3 and ARSD 20:10:24.02 and 20:10:24.03. The Commission finds that Call Plus has met the legal requirements established for the granting of a certificate of authority. Call Plus has, in accordance with SDCL 49-31-3, demonstrated sufficient technical, financial and managerial capabilities to offer telecommunications services in South Dakota. The Commission approves Call Plus' application for a certificate of authority. As the Commission's final decision in this matter, it is therefore

ORDERED, that Call Plus' application for a certificate of authority is hereby granted effective August 20, 1997. It is

FURTHER ORDERED, that Call Plus shall file informational copies of tariff changes with the Commission as the changes occur.

Dated at Pierre, South Dakota, this 27th day of August, 1997.

CERTIFICATE OF SERVICE

The undersigned hereby certifies that this document has been served today upon all parties of record in this docket, as listed on the docket service list, by first class mail, in properly addressed envelopes, with charges prepaid thereon.

TELECOMMUNICATIONS SERVICES TARIFFTARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

This tariff contains the regulations and rates applicable to intrastate resale telecommunications services provided by Call Plus for telecommunications between points within the State of South Dakota. Resale services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. TELECOMMUNICATIONS SERVICES TARIFFSECTION 3 - DESCRIPTION OF SERVICE3.1 Computation of Charges

- 3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and time of day of the call. The total charge for each completed call may also be dependent only on the duration of the call, i.e. a statewide flat rate per minute charge. The variable measured charge is specified as a rate per minute which is applied to each minute. 1+ Dialing and 800 Service calls are measured in six second increments with a one minute minimum per call. Travel Cards are measured in one minute increments. All calls are rounded up to the next whole increment.
- 3.1.2 Where mileage bands appear in a rate table, rates for all calls are based upon the airline distance between the originating and terminating points of the call, as determined by the vertical and horizontal coordinates associated with the exchange (the area code and three digit central office code) associated with the originating and terminating telephone numbers. If the Customer obtains access to the Company's network by a dedicated access circuit, that circuit will be assigned an exchange for rating purposes based upon the Customer's main telephone number at the location where the dedicated access circuit terminates. The vertical and horizontal (V & H) coordinates for each exchange and the airline distance between them will be determined according to industry standards.

Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when either party hangs up. Call Plus will not bill for uncompleted calls.
