TARIFF FORMAT SHEETS

A. Sheet numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. New sheets however, are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. Sheet revision numbers - Revision numbers also appear in the upper right hand corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised sheet 14 cancels the 3rd revised sheet 14. Because of various suspension periods, deferrals, and other factors beyond the Company's control, the most current sheet number on file with the Commission may not always be the tariff page in effect. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph numbering sequence - There are nine levels of paragraph coding. Each level is subservient to its next higher level:

2.
2.1
2.1.1
2.1.1.A
2.1.1.A.1
2.1.1.A.1.(a)
2.1.1.A.1.(a).I
2.1.1.A.1.(a).I.(i)
2.1.1.A.1.(a).I.(i).1

D. Check sheets - When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

**ORDER GRANTING
CERTIFICATE OF
AUTHORITY**

TC99-093

On September 15, 1999, the Public Utilities Commission (Commission), in accordance with SDCL 49-31-3 and ARSD 20:10:24:02, received an application for a certificate of authority from Corporate Billing Management, Inc. (CBMI).

CBMI proposes to provide intrastate inbound and outbound long distance telecommunications services. A proposed tariff was filed by CBMI. The Commission has classified long distance service as fully competitive.

On September 16, 1999, the Commission electronically transmitted notice of the filing and the intervention deadline of October 1, 1999, to interested individuals and entities. No petitions to intervene or comments were filed and at its November 1, 1999, meeting, the Commission considered CBMI's request for a certificate of authority. Commission Staff recommended granting a certificate of authority, subject to the condition that CBMI not offer a prepaid calling card or require deposits or advance payments without prior approval of the Commission. Commission Staff further recommended a waiver of ARSD 20:10:24:02(8).

The Commission finds that it has jurisdiction over this matter pursuant to Chapter 49-31, specifically 49-31-3 and ARSD 20:10:24:02 and 20:10:24:03. The Commission finds that CBMI has met the legal requirements established for the granting of a certificate of authority. CBMI has, in accordance with SDCL 49-31-3, demonstrated sufficient technical, financial and managerial capabilities to offer telecommunications services in South Dakota. Further, the Commission finds that there is good cause to waive ARSD 20:10:24:02(8). The Commission approves CBMI's application for a certificate of authority, subject to the condition that CBMI not offer a prepaid calling card or require deposits or advance payments without prior approval of the Commission. As the Commission's final decision in this matter, it is therefore

ORDERED, that CBMI's application for a certificate of authority is hereby granted, effective November 15, 1999, subject to the condition that CBMI not offer a prepaid calling card or require deposits or advance payments without prior approval of the Commission. It is

FURTHER ORDERED, that the Commission finds good cause to waive ARSD 20:10:24:02(8). It is

FURTHER ORDERED, that CBMI shall file informational copies of tariff changes with the Commission as the changes occur.

Dated at Pierre, South Dakota, this 4th day of November, 1999.
