4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations and provide a list of newly served community anchor institutions.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas.

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information

West River Cooperative Telephone Company's Demonstration of Ability to Function in Emergency Situations

West River Cooperative Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2),¹ South Dakota Administrative Rule 20:10:32:54.07 and North Dakota Administrative Code 69-09-05-12. The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require. The Company maintains a contingency plan to prevent or minimize service interruptions due to the catastrophic loss of a central office switch, toll switching office, or tandem switching office, pursuant to South Dakota Administrative Rule 20:10:33:18. The plan is available for review upon request.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. As required by South Dakota Administrative Rule 20:10:33:19, the Company's central office can maintain 8 hours, plus or minus 15 percent, of battery reserve rated for peak traffic load

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

requirements, and a permanent auxiliary or mobile power unit is installed which can be delivered and connected within four hours. The Company has battery backup at all office locations and in its electronic equipment sites capable of running for a minimum of 8 hours, plus or minus 15 percent, in compliance with the State rules. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all Central Office locations. They will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per year. The Company complies with the FCC's backup power requirements, effective October 16, 2015.

West River Cooperative Telephone Co.

801 Coleman Ave. P. O. Box 39 Bison, SD 57620

December 21, 2017

Mr. Kevin Keckler, Sr., Tribal Chairman
Cheyenne River Sioux Tribal Government
PO Box 590
Eagle Butte, SD 57625

Dear Mr. Keckler:

The Federal Communications Commission (FCC), as part of its 2012 Order reforming the federal universal service mechanisms related to telecommunications and information services, adopted new "Tribal Engagement" provisions that are intended to improve communications and foster a greater understanding between service providers and Tribal entities of the factors necessary to deploy and sustain telecommunication services on Tribal lands. *See* FCC Public Notice, Office of Native Affairs and Policy, Wireless Telecommunications Bureau, and Wireline Competition Bureau Issue Further Guidance on Tribal Engagement Obligation Provisions of the Connect America Fund, DA 12-1165, released July 19, 2012.

Pursuant to the FCC's rules related to Tribal Engagement, West River Cooperative Telephone Company would, as soon as possible, like to begin discussions with the Cheyenne River Sioux Tribe in a manner consistent with the FCC rules. Accordingly, we would request a meeting with the Tribe. The purpose of this meeting will, generally, be to exchange information related to the deployment and provisioning of communications services on Tribal lands. While West River Cooperative Telephone Company leaves to your discretion attendees from the tribe at this requested meeting, it is important that at least some of the tribal representative attendees at the meeting are "decision-makers," as this can change the perspectives of the discussions. West River Cooperative Telephone Company asks that the Cheyenne River Sioux Tribe provide a name and contact information for a Tribal representative who can assist in scheduling and arranging a meeting with the appropriate Tribal government staff and leaders to discuss deployment and sustainability of telecommunications services on Tribal lands. This information may be provided to the undersigned by calling (605) 244-5213, or through an email directed to cnash@wrctc.coop. Please respond by December 31, 2017.

Thank you for your cooperation in this matter. We look forward to discussing these important matters with you.

Sincerely,

Colle Nash, General Manager

December 21, 2017

Charles W. Murphy, Chairman
Standing Rock Sioux Tribe
PO Box D
Fort Yates, ND 58539

Dear Mr. Murphy:

The Federal Communications Commission (FCC), as part of its 2012 Order reforming the federal universal service mechanisms related to telecommunications and information services, adopted new "Tribal Engagement" provisions that are intended to improve communications and foster a greater understanding between service providers and Tribal entities of the factors necessary to deploy and sustain telecommunication services on Tribal lands. *See* FCC Public Notice, Office of Native Affairs and Policy, Wireless Telecommunications Bureau, and Wireline Competition Bureau Issue Further Guidance on Tribal Engagement Obligation Provisions of the Connect America Fund, DA 12-1165, released July 19, 2012.

Pursuant to the FCC's rules related to Tribal Engagement, West River Cooperative Telephone Company would, as soon as possible, like to begin discussions with the Standing Rock Sioux Tribe in a manner consistent with the FCC rules. Accordingly, we would request a meeting with the Tribe. The purpose of this meeting will, generally, be to exchange information related to the deployment and provisioning of communications services on Tribal lands. While West River Cooperative Telephone Company leaves to your discretion attendees from the tribe at this requested meeting, it is important that at least some of the tribal representative attendees at the meeting are "decision-makers," as this can change the perspectives of the discussions. West River Cooperative Telephone Company asks that the Standing Rock Sioux Tribe provide a name and contact information for a Tribal representative who can assist in scheduling and arranging a meeting with the appropriate Tribal government staff and leaders to discuss deployment and sustainability of telecommunications services on Tribal lands. This information may be provided to the undersigned by calling (605) 244-5213, or through an email directed to cnash@wrctc.coop. Please respond by December 31, 2016.

Thank you for your cooperation in this matter. We look forward to discussing these important matters with you.

Sincerely,

Colle Nash, General Manager

West River Cooperative Telephone Company (SAC 391689

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

CAF-BLS with Less Than 80% 10/1

West River Cooperative Telephone Company is a recipient of Connect America Fund-Broadband Loop Support (CAF-BLS) support and is subject to the specific 5-year build-out obligations as set forth in 47 CFR §54.308 (a)(2).

For all locations not subject to the build-out obligations, Company hereby certifies that throughout 2017, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, the Company offers broadband service at the highest available speed.
