APPLICATION OF ZAYO NETWORK SERVICES, LLC

Zayo Network Services, LLC (“Applicant”), by its undersigned counsel and pursuant to Section 20:10:24:02 of the South Dakota Administrative Rules, hereby applies for a Certificate of Authority to provide resold and facilities-based interexchange telecommunications services throughout the State of South Dakota.

This Application is filed in connection with certain restructuring and financing arrangements in which Applicant’s parent, Zayo Group, LLC (“Zayo Group”) is expected to assign to Applicant certain assets including communications optical fiber, customer contracts, rights in third party fibers, and associated telecommunications equipment used to provision services or facilities to the affected customers (the “*Pro Forma Asset Transfer*”). A separate filing will be made to the Commission regarding the *Pro Forma Asset Transfer*.

Applicant submits the following information in support of its request:

- (1) The applicant’s name, address, telephone number, facsimile number, web page URL, and E-mail address;**

Applicant’s legal name is Zayo Network Services, LLC.

1401 Wynkoop Street, Suite 500
Denver, Colorado 80202
Tel: 303-381-3239

Website: www.zayo.com
www.zayo.com/contact

(2) A description of the legal and organizational structure of the applicant's company;

Applicant is a Delaware limited liability company formed on April 18, 2024. A copy of Applicant's formation documents is attached hereto as **Exhibit A**. Applicant is a wholly owned, indirect subsidiary of Zayo Group, which is a wholly owned, direct subsidiary of Zayo Group Holdings, Inc. ("Holdings" and together with its subsidiaries including Applicant, "Zayo"). Charts depicting Applicant's ownership structure is attached hereto as **Exhibit B**.

Zayo is a leading provider of bandwidth infrastructure and interconnection services over regional and metropolitan fiber networks. These services enable customers to manage, operate, and scale their telecommunications and data networks. Zayo customers consist primarily of wireless service providers, national and regional communications service providers, media/Internet/content companies, governments, banks, and other bandwidth-intensive enterprises. Zayo Group is authorized to provide competitive local exchange, competitive access, and/or interexchange services in the District of Columbia and every state except Alaska. In South Dakota, Zayo Group is authorized to provide competitive local exchange telecommunications services, originally granted in Docket No. TC06-063 on September 11, 2006, and interexchange telecommunications services, originally granted in Docket No. TC00-079 on August 25, 2000.¹ Under the Zayo brand, Zayo Group's primary telecommunications service offerings include high-capacity bandwidth services such as private line, Ethernet, and wavelength services. Under the Allstream brand, Zayo Group provides voice services, including TDM-based local exchange and interexchange voice services and VoIP services.

¹ The Certificates were originally granted to 360networks (USA) Inc. ("360networks") (formerly known as Worldwide Fiber Networks, Inc.). Subsequently, in Docket No. TC12-191 on March 1, 2013, the Commission approved the transfer of 360networks' Certificates to Zayo Group.

- (3) The name under which applicant will provide interexchange services if different than in subdivision (1) of this section;**

Applicant will provide service in South Dakota under its legal name identified in subdivision (1) of this section, Zayo Network Services, LLC.

- (4) A copy of the applicant's certificate of authority to transact business in South Dakota from the Secretary of State;**

A copy of Applicant's Certificate of Authority to transact business as a foreign limited liability company in South Dakota is attached as **Exhibit C**.

- (5) The location of the applicant's principal office, if any, in this state and the name and address of its current registered agent, if applicable;**

Applicant does not maintain an office or personnel within the State of South Dakota. Responsibility for South Dakota operations will be handled by Applicant's management team primarily located at its Denver, Colorado location. Applicant's registered agent in South Dakota is:

Corporation Service Company
503 South Pierre Street
Pierre, South Dakota 57501

- (6) A list and specific description of the telecommunications services the applicant intends to offer;**

Applicant seeks authority to provide resold and facilities-based interexchange telecommunications services throughout the State of South Dakota, primarily to provide point-to-point telecommunications services such as Ethernet and other similar high-bandwidth circuits, for high-speed data transport. Applicant will provide services to enterprise customers and to other communications providers on a wholesale basis and does not intend to directly serve residential customers.

- (7) A detailed statement of how applicant will provide its services;**

Applicant intends to provide telecommunications services primarily using its own fiber-based facilities, which will be assigned to Applicant from Zayo Group as part of the *Pro Forma*

Asset Transfer. Applicant may also lease facilities from other providers and therefore requests authority to provide both resold and facilities-based services. Applicant plans to begin providing telecommunications services in South Dakota after it has obtained the requisite Certificate of Authority and upon completion of the *Pro Forma Asset Transfer*.

Applicant plans to use fiber optic cable along with other equipment and facilities to originate, terminate, and amplify signals. As noted above, Applicant does not currently own or lease facilities in South Dakota but rather will use the communications optical fiber and associated telecommunications equipment assigned to Applicant by Zayo Group or leased from an affiliate or another provider. Though Applicant currently has no plans to construct additional facilities, Applicant seeks the authority to do so should future market conditions warrant.

(8) A service area map or narrative description indicating with particularity the geographic area proposed to be served by the applicant;

Applicant seeks authority to provide its services throughout the State of South Dakota. Accordingly, a map of Applicant's proposed service area is not attached.

(9) For the most recent 12-month period, financial statements of the applicant consisting of a balance sheet, income statement, and cash flow statement. The applicant shall provide audited financial statements, if available;

Applicant has sufficient financial resources to initiate and maintain the services and related operations in South Dakota proposed in this Application. To demonstrate Applicant's financial qualifications to operate in South Dakota, Applicant provides the most recent consolidated financial statements of its parent company, Holdings, *under seal* as **Confidential Exhibit E**. As shown in these documents, Applicant (through its indirect parent, Holdings) has sufficient capital resources and is financially qualified to operate within South Dakota. Applicant is submitting **Confidential Exhibit E**, along with its request for confidential treatment in accordance with South Dakota Administrative Rules § 20:10:01:41, to the Commission under separate cover.

- (10) **The names, addresses, telephone number, facsimile number, E-mail address, and toll free number of the applicant's representatives to whom all inquiries must be made regarding complaints and regulatory matters and a description of how the applicant handles customer service matters;**

Applicant's Federal Taxpayer Identification Number is 99-2891539. Applicant is currently in the process of obtaining a South Dakota sales tax number and will provide it to the Commission upon receipt.

(18) The number and nature of complaints filed against the applicant with any state or federal regulatory commission regarding the unauthorized switching of a customer's telecommunications provider and the act of charging customers for services that have not been ordered;

Applicant has not been the subject of complaints for the unauthorized switching of a customer's telecommunications provider, nor for charging customers for services that were not ordered.

(19) A written request for waiver of those rules believed to be inapplicable;

None at this time.

(20) Other information requested by the commission needed to demonstrate that the applicant has sufficient technical, financial, and managerial capabilities to provide the interexchange services it intends to offer consistent with the requirements of this chapter and other applicable rules and laws.

Applicant has the managerial and technical qualifications necessary to provide the proposed services in South Dakota. Applicant is managed by a highly skilled team with substantial expertise and experience in the communications industry, including extensive telecommunications business, technical, and managerial expertise. Descriptions of the qualifications and backgrounds of the key personnel responsible for Applicant's operations are attached hereto as **Exhibit D**. These biographies reflect management's substantial communications industry experience and expertise and demonstrate that the Applicant possesses significant managerial and technical expertise operating a variety of communications services across multiple jurisdictions. Thus, Applicant

possesses the managerial and technical qualifications necessary to operate as an interexchange telecommunications company in the State of South Dakota, consistent with the Commission's requirements.

Applicant asserts that grant of this Application will serve the public interest. As demonstrated in this Application, Applicant is financially, managerially, and technically qualified and meets the requirements to provide telecommunications services. Applicant will operate its networks and offer services designed to meet the needs of its customers in an efficient and cost-effective manner. Applicant will own a competitive telecommunications infrastructure in the State, thereby driving prices closer to cost and ensuring just and reasonable rates in addition to promoting efficiency in the delivery of services and in the development of new services. Applicant will provide customers high quality, competitively priced telecommunications services. Further, grant of this Application for authorization to provide telecommunications services will facilitate the restructuring and financing arrangements that will support the network, operations and customers that will be assigned to Applicant. In sum, granting this Application is in the public interest because it will enhance competition and expand customer choice. In addition, permitting Applicant to enter the market will result in technological and diverse telecommunications infrastructure, increased service quality, and competitively priced services.

For the reasons stated above, Applicant respectfully submits that the public interest, convenience, and necessity would be furthered by grant of this Application for a Certificate of Authority to provide all types of resold and facilities-based interexchange telecommunications services. Accordingly, Applicant requests that the Commission expeditiously grant this Application.

Respectfully submitted,
